Benediction

Leaves fall and beauties fade. The tides of politics and fashions rise and fall. Friendships spring up and then move in different directions. Our problem gets fixed then a different problem emerges. Through all of this the steady, strong hand of God is laid upon our lives. The world changes, but God is fixed. We do not worship our beautiful experience. We worship God. So glad that you can be part of this worship today. * 9:00/11:10 Children's Church (basement)

This is your opportunity to share the gospel. When children receive a shoebox, they also have an opportunity to respond to the gospel of Jesus Christ. Shoeboxes and brochures are available at the top of the stairs. Filled boxes must be returned by November 20.

You would have the choice of going to Keisha's or having her bring them to your home. For more detailed information, you can contact her at (717) 809-5149 or chevychick061987@yahoo.com.

A small section of the book of Proverbs (chapter 30) is known as the "sayings of Agur." Nobody knows who this dude was. But he asks some big questions and makes some astute observations. And he uses the "three/four" device to describe some sketchy situations... which deserve to be explored. So, we will! Sunday mornings during October.

Three... or Four
There's probably more!
Examples galore!
Who's keeping score?

- 9 - Mysteries that lead to faith
- 16 - Tragedies that lead to wisdom
- 23 - Disabilities that lead to trust
- 30 - Opportunities that lead to humility

DISABILITIES THAT LEAD TO TRUST

(Proverbs 30:24-28)

Observation = creatures are “small,” yet they thrive

Small = _____ or _____

ANT **risk* = **cold weather**

Ants TRUST their own ability/creativity. Using a variety of techniques, they _____ with the problem of winter. Since they do not have to _____ all the world or _____ all the mysteries, they do not attempt to do so. With minimum expectation and maximum preparation, these tiny creatures survive. (11 Tim. 2:21, 4:2, 1 Peter 3:15)

MARMOT **risk* = **predation**

Every predator licks their chops at the sight/scent of marmot! Instinctively, these animals do not trust their sight, smell, or speed to keep themselves alive. They RELY heavily on rocky terrain (“craggs”) to foil their predators.

It is not enough to “trust.” Words such as gullible or victim mean that trust was placed in the wrong reality! Smart or successful people overcome their handicap by trusting the _____. Spiritually, this can only mean trusting GOD rather than the fallen human efforts or accomplishments (Jer. 17:5-8).

LOCUST **risk* = **confusion**

Though the work of locusts is destructive, it is orderly. As if they all receive the same signal, they come in hordes with coordinated timing and destination (Joel 2:7-8). No one locust is issuing orders or directing traffic. While feeding on the crops, they seem to “feed” off of

each other. Their _____ is a picture (for us) of trusting in _____. Rather than living a life of _____ and _____ toward fellow man, seek to TRUST until evidence proves someone is not honest or honorable. (Rom. 12:3-5, 10, 16)

LIZARD **risk* = **considered undesirable/frightening** (to humans)

Consider a gecko (or spider). Though we realize their presence in our home is actually beneficial, most people do not want them there! Ugly... creepy... scary... gross! Yet, despite every attempt to keep them out, they _____... even in the most pristine and dignified places. Irrepressible! Using stealth and camouflage, they survive. They do not _____ or _____ simply because they are _____. They rely on _____ rather than _____ in order to thrive (11 Cor. 4:4-18)

LIVING VICTORIOUSLY WITH ANY TYPE OF DISABILITY:

1. Stop _____ (11 Cor. 10:12).
2. Focus on what you _____ do rather than what you _____ do (11 Cor. 12:10).
