

Atheism is a strange thing. Even
the devils never fell into that vice.

I do not believe in God
and I am not an atheist.

Albert Camus

"All thinking men are atheist."
-Ernest Hemingway

Psalm 53

vs. 1 – foolish... no **God**

vs. 1 – corrupt... no **standard** (deny source or definition of “good”)

vs. 2 – arrogant... no **search** (decision to “turn away”) no openness

vs. 4 – ignorant... no **trust** (refuse to call on God, even as an experiment)

vs. 5 – despised... no **help** (from God) i.e. God detests, refusal to acknowledge him.

Thomas Aquinas (1225 – 1274)
Italian. Friar. (traveling priest/preacher)

1. Universe is filled with motion (energy). Anything in motion must have been set in motion. There must therefore be a **First** (unmoved) **MOVER**.

2. Every effect must have a cause.
Infinite causation is impossible.

There must be a **First CAUSE**.

3. For everything that we observe,
existence seems optional. There
must therefore be ONE reality
whose existence is not optional.
An eternal, necessary,
First EXISTENCE.

4. Humans desire goodness, nobility, truth, etc. There must be therefore a maximum or perfect being who embodies these qualities (to which we aspire). **Perfect STANDARD.**

5. Order and complexity observed
in the universe demand the existence
of an **Intelligent DESIGNER**.

Romans 1:15-21

- What may be known about God is plain, because God **makes** it **plain**.
- Wicked folks **suppress** the **truth** because they wish to be wicked.
- **Invisible** realities can be **seen** [inferred] from the **invisible**.

**I AM AN
ATHEIST**

“ because there is
no evidence for
the existence of
God. That should
be all that needs
to be said about it:

**no evidence,
no belief.”**

– Dan Barker,
Losing Faith in Faith

1 Corinthians 1:21-25

- Logic may infer God, but only faith can know God.
- God is more concerned that we are saved than convinced.

John 2:18-22

- Some folks demand scientific **proof** of God's **existence** from “science.”
- Science **cannot prove** the existence of MANY realities.
- Some witnesses of the resurrection “doubted” even though **they** had **seen** the proof.

Man is too limited to have created the universe. The universe is too limited to have created man. **Something... is... missing!**

Stephen Hawking

Because there is a law such as GRAVITY,
the universe can and will create itself from
NOTHING.

ATHEISM

The belief that there was nothing and that nothing happened to nothing which made nothing explode thus creating everything from nothing for no reason but then a bunch of everything rearranged itself for no reason into self-replicating bits that transformed into dinosaurs but then the dinosaurs used the power of nothing to transform into something else which then used the power of nothing to transform into humans that don't matter because there is nothing waiting for them because nothing exists outside of the everything that nothing blew up and created

ATHEISM

Makes perfect sense!

Stephen Hawking

We are just an advanced breed of monkeys on a very minor planet of a very average star. But we can understand the universe. That makes us very special.

Jesus

Have you not read that he who created them from the beginning created them male and female... ? (*Mt. 19:4*)
